ANGOLA HIGH SCHOOL
ANGOLA, INDIANA

A Year at A.H.S.

....

*Deep in our hearts will be engraved forever this picture
of Angola High School.*

• • • •

We, the seniors of '50, will never forget this entrance which guided us to knowledge, friendship and experience. Now, after twelve years of good times, we say goodbye to you, good ole AHS! May you always remain to provide this same enjoyment for other classes in the future.

Dedication

We, the class of '50, wish to dedicate our year book to our fine sponsor, Mr. Druckamiller.

He counseled us during all four of our high school years. When the going was tough, "Druck" was always there to see us through. We all wish to say, "Thanks, Druck for your wonderful guidance!"

It's Never Goodbye at Angola High

As we leave Angola High for the last time, we think of the wonderful times we had in the past — basketball and baseball games, parties, tests, demerits and other things too numerous to mention.

These will always be in our minds and hearts as we go out into the future.

The "Key" is a record of our high school days. Through it we'll never say good bye to A. H. S.!

Administration

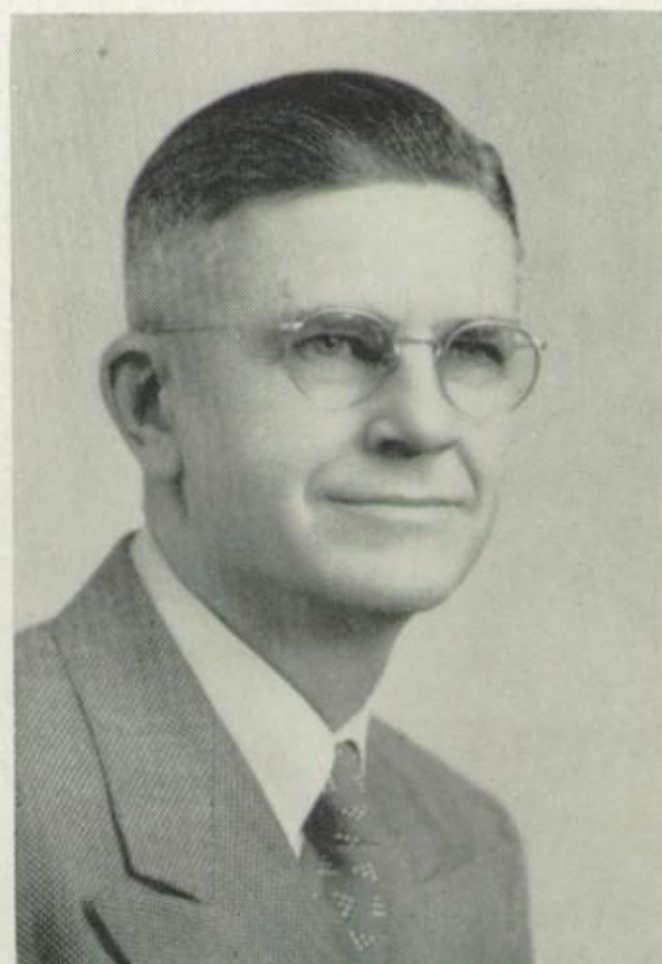

OUR SUPERINTENDENT

Our superintendent, Howard Boomershine, will always be remembered as our friend. His winning smile has always invited our trust and confidence. As we leave Angola High School in the background and go out to our various destinations, we all wish to thank you, Mr. Boomershine, for your wonderful companionship and co-operation!

OUR PRINCIPAL

Mr. Elliott, our principal, has been with us all of our twelve years in the Angola Schools. In his dealings with the students he has always shown the fine qualities of understanding and patience. Many were the problems he has helped us solve. Mr. Elliott has done much to make our school one of which we should all be very proud! We appreciate your friendly help and thank you, Mr. Elliott.

OFFICE SECRETARY

Marie Pearson, the secretary, is an able assistant not only to Mr. Boomershine and Mr. Elliott, but also to the students of A.H.S. Her friendly "you all's" will always be remembered by each and every student. Whenever there was typing or mimeographing to do, she would willingly lend a hand. We wish to say, "Thanks, Marie! You've been a swell pal."

BOARD OF EDUCATION

Much credit for the success of the school year should be given to the members of the Angola Board of Education. They have been ever willing to take time from a busy day in the bank or radio shop and consider school problems.

The members on this board are Carlton Chase, president; Harold Stevens, secretary; and Heyman Wisner, treasurer.

Their splendid support and undying efforts are to be greatly appreciated throughout A. H. S.

"Our House"

When we, the seniors of '50, first started to school twelve years ago, Miss Myers helped us build the "play house," which now stands in the first grade room and provides pleasure for all the young hopefuls starting to school.

Jim Shank designed the wall paper and Susie Lemley, the window curtains. Denny Druckamiller, Bill Radcliffe and Susie Lemley drew original pictures. Everyone helped paint, make wall paper, and do work on the mural and border.

Among the many memories taken with us from our school days the thought of "our play house" will be outstanding.

Top row: Girls of the class of '50—in the first grade; first grade artists.
 Second row: Joe Beck, Ruth Rinehart, Hadley Davis, Connie Kelley, Raymond Bodie, Cy Johnson, Stella Buroff, Sally Williamson, Karl Wuest, Glen LaVine.
 Third row: Jim Fisher, Danny Munson, Nancy Sutton, Eugene Easterday, Lewis Mounts, Jack Bledsoe, Denny Druckamiller, Jim Shank, Sondra Randolph, Dene Cotner.
 Fourth row: Howard Clark, Thola Miller, Bob Mitzman, Phyllis Fanning, Junior Pentico, Carlton Erwin, Juanita Demorest, Jean Williamson, Susie Lemley, Bill Radcliffe.
 Fifth row: "Our house"; boys of the class of '50 in the first grade.

Class History

The opening day of school in 1938 was a memorable one in the history of the Class of '50. Then these bright faced pupils started their first of twelve short school years. Even at the tender age of six this group was very industrious. The main project the first year was the decoration of the play house which Miss Myers had the shop boys build.

The following year this enterprising class became musically inclined. Both rooms had a rhythm band and they had a xylophone between them.

The next few years passed rather uneventfully, much as they do for any class. There were the usual new comers and the ones who moved away. Then came the red letter day when the class of '50 was graduated from the eighth grade.

The freshman year in high school was a trying one, but this remarkable class was quick to catch on to the tricks of the trade.

The sophomore year—ah, yes, that brings back fond memories never to be forgotten! In that year we initiated the freshmen!

The junior year was jolly but so busy that the days were almost undistinguishable. "Brother Goose" was the name of our play, a three-act comedy. Many took part in the operetta, "The Pirate's Bride." This athletically inclined class defeated the seniors and sophomores respectively to win the class basketball tourney. The junior-senior banquet was a rousing success and was followed by a dance and floor show which were sponsored by the parents.

The senior year brought with it new responsibilities and many new experiences. The senior play, "Just Ducky," was a great success. To wind up their school career the class of '50 took a boat trip to Niagara Falls. Next on the program was the junior-senior banquet. The baccalaureate services were held in the Christian Church on May 21. Last but certainly not the least was the long awaited day—graduation! Thus after twelve years of hard work interspersed with good times, another senior class marches from the portals of A. H. S.

I, NANCY SUTTON, do hereby will and bequeath my ability to argue politics with Pop Certain to any deserving Democrat.

In testimony whereof, we hereunto set our hand and seal and declare this to be our Last Will and Testament, this twenty-sixth day of May, in the year of our Lord, one thousand nine hundred and fifty.

DICK MEREDITH

RAY BODIE

It is now the fall of 1960—October 4, to be exact—and we are honoring Druck, our class sponsor, with a party. The occasion is his birthday, and we are giving him the final piece of luggage to finish his set.

This gala festivity is being held at Bledsoe's Venetian Gardens, an exclusive night club in the heart of New York City, owned and operated by Jack Bledsoe. He has several of his old classmates employed. Nancy Sutton, hostess, is busy seating people at their reserved tables. On the bandstand the spotlight points with pride to the master of ceremonies, comedian, and bandleader—Ray Bodie—with his "Ray's Ragtime Band," which features Bud LaVine on the drums. Already Ray is becoming famous for his syncopated rhythm which is becoming popular throughout the United States. He has made some piano recordings of some of his compositions.

As we turn our attention to the crowd that is gathering, we find the Governor of Indiana, Honorable Dick Meredith, and his wife, the former Jean Williamson, who writes all his speeches. At the same table with the governor and his wife are Phyllis Fanning, stockholder in Elevated Shoes, Inc., and Bob Badders, who now owns a chain of shoe stores throughout the country. Although this is supposed to be a social affair, Phyllis is getting a little business in on the side. She is trying to interest Bob in putting her shoes on the market.

Going on to the next table to the right of us we find Denny Druckamiller, coach of the St. Louis Cardinals, talking to Ken Neukam, now a big league pitcher for the Chicago Cubs. Already they have been featured in a picture in Hollywood, "The Neukam Story," starring Jim Hamilton as Ken Neukam. This picture, it has been rumored, is winning top honors as reported by Dene Cotner in her Hollywood column. Dene is succeeding Hedda Hopper.

Glancing to the left we find Bill Radcliffe, the great dare-devil speed tester who has been given an award for wrecking more cars and getting out alive than any other living person. Also sitting at the table is Bob Holmes, a very prominent Buick dealer, who is trying to listen intently to two people at once—Howard Clark, rattling endlessly on about his new invention, the jet-propelled car, and Joe Beck, trying to outdo Howard with telling about his Beckillac.

Our curiosity is aroused as we hear the jingle-jangle-jingle of spurs. Looking up we see Jim Shank, owner of Buck Lake Ranch, and his co-worker, Karl Wuest, star of the rodeo at Buck Lake and owner of the fastest horse in the world, Black Jewel. Following them we find Jim Fisher, Secretary of Agriculture, and Clem Davis. Jim is about to present Clem with a certificate of achievement for writing the best arrangement of "Cow Cow Boogie," which recent tests have proved makes listening cows produce more milk.

in the Future

Finally we meet Eugene Easterday, who is making lots of money in his dairy business. He tells us he sees Sondra Randolph, Thola Miller, and Susie Lemley almost every day when he delivers milk to the fraternities — used, of course, in the cooking. Sondra, Thola, and Susie are housemothers of Alpha Gamma Upsilon, Phi Kappa, and Tau Kappa Epsilon respectively. They will be arriving soon. They have been delayed because of Tri-State Commencement.

Merrill German, Dean of Indiana University, is talking with Captain Cy Johnson, now a member of the Indiana State Police Force. At the same table is Dick Holmes, principal of Flint High School.

Just arriving are Minnie McKellips, who owns a chain of McKellips and Company 5c, 10c, to \$1 Stores, and Carlton Erwin, president of the Kroger Company. Bob Mitzman, now a great artist, is also arriving.

Junior Pentico, on leave from the National Guard, and Don Blum, who now owns a huge skating rink in Los Angeles, will give a performance on skates for part of our entertainment.

Now I should like to introduce to you some of my former classmates sitting at my table. As I am secretary to Winsky Television Company, I am interviewing Sally Williamson about one of her piano pupils, hoping she will consent to let this pupil appear on television. Also sitting at my table are Don Nelson and Lewis Mounts. It seems that Don has a hot dog stand at the World Series every year. Last year, as he went through the crowd selling—and getting results as he usually does—some man complained of Don's walking in front of him, thus making it impossible to enjoy the game. This man decided to bring suit against Don. As the whole world loves Don's hot dogs so well, it will naturally be concerned about the outcome of this trial. I have decided as a favor to the world, to let this trial appear on television. Lewis Mounts, America's number one lawyer, states that he will very willingly accept this case. Lewie has been nicknamed the "Argue-er" because of his brilliant career.

It seems that two of our old classmates are missing. They are Danny Munson and Harold Spencer. They are working for the United States Government on something that is a top secret, and were unable to be here tonight. They have vowed not to give any information to any foreign nations and if I know Danny and Harold, they will stick to their promises.

Nancy is announcing that dinner will be served in ten minutes. She states that Druck is now arriving with Mrs. Druckamiller and suggests that everyone stand and sing "For He's a Jolly, Good Fellow."

BUILDING FOR THE FUTURE

On the first day of high school each member of the Class of 1950 began to make a permanent record for himself. This record may now decide his fate when he applies for his first job; or it may determine whether or not he will be allowed to enter the college of his choice. It may be the opening wedge to his financial or vocational success; or it may prove to be a source of embarrassment and hindrance to his progress.

All of the great things of the world had to be born in a vision before they achieved reality. The architect who would build a great skyscraper must have a vision of the completed building before he can go to work. So we too, in building for the future, must have a vision that we can follow. We may dream of painting a picture, of becoming a teacher or a famous musician. But whatever our aim in life, we must see it as a whole before we can start out to make it a reality.

Once we have beheld the vision of our lives as we wish them to be, we can outline each definite step as it must be taken. Without this definite aim in life it is easy to see what wasted effort each day would be. Like a boat which has no set course, we should go around in circles using up our energy but getting nowhere.

Whether or not we have derived all the advantages possible from the courses we have just finished is a matter between ourselves and our own consciences. Up to this time our work has been directed and made as easy and beneficial as trained minds could make it. From now on we must rely more and more upon our own efforts. The good we derive from college work will depend entirely upon us. The success we make of our life careers will likewise be due to our own initiative.

What that new life is to be depends largely upon the foundation that we have been building for it here in Angola High School. On graduation day many boys and girls think back over their high school careers and wonder why they did not use their time more wisely and win the award or the honor that was given to some classmate who was no more capable than they. But it is far better to look ahead with a purpose than to look back with regret.

It seems strange that we should use the word "commencement" to designate the day on which we lay down for all time the school work we have carried for so many years. "Completion" would seem to be a more appropriate term.

But that would not be life, for in this world everything that marks an end also marks a beginning. The end of one day is the commencement of another; the end of one task, the beginning of a new one. The tree blossoms, bears fruit, sheds its foliage, and immediately begins preparation for another crop.

So it is with our education. What we have learned at school, valuable as it is, is only a beginning. The end of our school work merely means the commencement of those experiences which will put to the test the principles we have learned in building for the future.

—MERRILL GERMAN

Salutatory

FACING TOMORROW TODAY

Our high school days have now faded into the past and have become one of our fondest memories. We are leaving the halls of Angola High School, perhaps with a shadow of uncertainty hanging over us, and entering the halls of the world. It is a world, we know, that is full of responsibility but we, as a graduating class, can shoulder the responsibilities which will fall upon us. Our past twelve years in school have been for the purpose of educating us to meet these trials.

Today marks the beginning of a new life for us. We have had our basic training, much as our service men received their basic training, and we are now ready for the actual fight through the years. I do not speak of fighting in terms of warfare, but merely as the initiative to get out and defend our ideals, our rights and freedoms, and above all, to protect our incomparable system of government from communistic practices which are threatening it this day.

The future will rely upon us. The horizons of tomorrow are limited only by human imagination. Science, with its many brilliant discoveries, can mean a bright future or it can mean a dim future full of destruction and despair. We must learn to use these discoveries for the good of mankind. Never before in history has there been an age of greater convenience and opportunity than at the present; and it is for us to recognize these opportunities and take advantage of them when they come.

We have learned in our everyday tasks the significance and importance of brotherhood. As a country that has emerged from war and as a witness to the many cruelties of it, we know that we must offer our services and help in the readjustment of the foreign countries that were actually in it and received the ravages of it. The food and clothing we sent overseas were gratefully received and have improved our relations with many countries. This was brotherhood and it is helping us in the job of getting the world back on its feet. The job has just been started and remains for us to finish. Truly brotherhood is not a theory but a necessity.

We are living in a world much different from that of ancient times or even from that of 1900. In the world of yesterday man thought of another country as a far off place reached only through many days of travel and the countries were wholly independent of one another. Today the circumstances are vastly changed. It is necessary that we learn to cooperate not as individuals, not as communities or states, but as nations. Only in this way can we obtain world peace.

Pertaining to this thought, as carried through the four years of high school by our class is our motto which states: "United we stand; divided we fall!"

They Put Out the Hornet

"All the latest news, features, striking opinions in editorials, personals, and gossip!" This was the cry used to advertise *The Hornet*, the school paper published monthly by the journalism class of A. H. S.

It contained twenty-six pages and these were printed on the mimeograph machine in the office. The covers bore drawings by Dick Meredith, the art editor, or half-tones of school groups and printed by the Steuben Printing Company. The copies preserved served as an excellent record of the school happenings throughout the year.

The Angola school paper was started in 1918 and given the name *The Key*, the same as the yearbook. In 1934 the name was changed to *The Spectator* and again in 1935 to *The Hornet*. At this time a contest was held to choose a name and its present name was suggested by Mr. Druckamiller.

The journalism course teaches the students the fundamentals of writing and helps them develop their own initiative along that line. This work is especially helpful to those who plan to do newspaper work or engage in any other field of writing.

The journalism class consisted of fourteen members, thirteen seniors and one junior. Sally Williamson was the editor-in-chief and Bob Badders, associate editor the first semester; Jean Williamson held the editor-in-chief position the second semester with Dick Meredith as associate editor.

Last year *The Hornet* staff was admitted to membership in the Quill and Scroll, the International Honorary Society for High School Journalists. This year's staff have maintained the same high quality of work.

The Angola chapter of Hi-Y was organized in 1922 by former Superintendent John L. Estrich and was the first in the state of Indiana. Last year the club joined the state and national organizations.

The purpose of the club is "To create, maintain, and extend throughout the school and community a higher standard of Christian character."

Among the activities throughout the year were holding a joint father, mother and son-daughter banquet with the Y-Teens and sending Christmas gifts to the needy in Europe. Speakers at some of the meetings included G. Wendell Dygert, Merritt Boyer, Howard Feldmann and Indiana State Police Patrolman Doherty.

The club met every other Monday evening, from 7:00 until 8:00 o'clock. The Lord's Prayer was given in unison at the opening of each meeting. At the close of the meetings the boys repeated in unison the club's purpose.

The officers for the year were: President, Cy Johnson; vice president, Denny Druckamiller; secretary-treasurer, David Handy; chaplain, Eugene Easterday.

The club sponsor was Howard Feldmann.

Y-Teens

The Y-Teen Club, formerly called the Girl Reserves, was organized in 1927 under the direction of Miss Kathryn Dewees. The Angola chapter is a member of the state and national organizations and is a branch of the Y. W. C. A. The statement, "To find and give the best, is our purpose true, earnest, honest; and our slogan—to face life squarely too," sums up the aspirations of the club.

Activities of the Y-Teen club have been many this year. A bake sale was held to raise money. A Thanksgiving turkey was sold and Christmas cards were distributed. On December 17, the Christmas Prom, called the "Mistletoe Magic" was held at the Masonic Temple. On Friday, January 13, a sock dance called "Jinx Jamboree" was held in the gymnasium. The annual Pa-Ma-Me banquet was a highlight of the year.

The club met every other Monday immediately after school. The programs have featured outside speakers, skits, and music. One of the members led devotions. Usually there was group singing. The program was ended by the reading of the "Cat's Meow," the Y-Teen scandal sheet. The meeting was closed by repeating the slogan.

The officers for the year were: President, Arlene McClellan; vice president, Jean Williamson; secretary, Nancy Sutton; treasurer, Phyllis Fanning; program chairman, Susie Lemley; social chairman, Dene Cotner; service chairman, Thola Miller; finance chairman, Minnie McKellips; song leader, Sondra Randolph; and chaplain, Sally Williamson.

The club advisers are: Miss Remier, Miss Shultz, Mrs. Stevens, Miss Myers, Mrs. Boomershine, Mrs. Sutton, Miss Reed, Mrs. Briggs, Mrs. Rodebaugh and Mrs. Moore.

They Have Won Honors

AMERICAN LEGION AWARDS

The American Legion citizenship award has been presented to one boy and one girl of the graduating class by the Angola Post No. 31 for the past eighteen years.

The criteria for judging the winners are honor, courage, leadership, and service to the school. The selections are made by faculty votes.

The winners from the Class of '50 were Merrill German and Nancy Sutton.

NATIONAL HONOR SOCIETY

A great distinction given to seniors of Angola High School is to be chosen for membership in the National Honor Society.

The members are chosen from the upper third of the class ranked according to scholastic records, and are selected by the faculty on the basis of scholarship, service, citizenship, leadership, and character. Fifteen percent of the class are eligible.

Those given the honor this year were Merrill German, Arlene McClellan, Harold Spencer, Nancy Sutton, Jean Williamson, and Sally Williamson.

Every year each member contributes one dollar for the first five years of his membership to a scholarship fund. This fund is maintained for the purpose of lending to a high school graduate wishing to attend college.

The local chapter of the National Honor Society was established in Angola High School in 1935, and the total membership is now 209.

Standing: Jean Williamson, Sally Williamson, Arlene McClellan, Nancy Sutton.

"Just Ducky"

*One of
Mrs. Maxwell's
fainting scenes.*

*Cast
and Crew
on Stage*

"Just Ducky," a three-act farce comedy, was presented by the senior class on Thursday and Friday evenings, October 20 and 21, and was a complete success. The production was under the direction of Charles Saunders.

The cast included James Fisher, Mr. Maxwell; Sally Williamson, Mrs. Maxwell; Denny Druckamiller, Wilbur, their son; Susie Lemley, Betty Lou, their daughter; Arlene McClellan, Connie, another daughter; James Hamilton, Craig Moor; Nancy Sutton, Bernadine Smith; James Shank, Hercules; Sondra Randolph, Aunt Mary; Bill Radcliff, Mr. Marshall; Karl Wuest, Mr. Moor; and Thola Miller, Miss Blayne.

The action deals with the troubles of the Maxwell family. Mr. Maxwell is a member of the citizens' committee and would be expected to head a model family. But the youngest daughter, Betty Lou, and her friend, Bernadine, write a letter to Miss Blayne's love lorn column. The letter causes so much alarm that Miss Blayne, Mr. Moor, chairman of the citizens' committee, and Mr. Marshall, a reporter, come to the Maxwell home to find out about the love affair. Everything is straightened out at the end and all are happy.

The attractively designed stage set showed the living room of the Maxwell family, one of average income living in an average American town. The costumes were colorful and appropriate.

"We Shook the Family Tree"

"We Shook the Family Tree," a three-act comedy, was presented by the junior class in the school auditorium on March 23 and 24.

The plot centered around Hildegard Dolson's frantic attempt to get a date for the junior-senior prom. Her mother takes the matter into her own hands and arranges a date for Hildegard with Freddie Shermer, who is a "very nice boy" except for the fact that his mother makes him wear knickers. The resulting complications involve the entire family in a series of laughable events which held the attention of the audience throughout the performance. The action concludes happily when Freddie secures a pair of long trousers and Hildegard has the "date" with him.

The cast included Hildegard Dolson, a seventeen year-old miss, Mary Ann Moore; Mr. Dolson, her father, David Handy; Mrs. Dolson, her mother, Irene Nelson; Sally, her youngest sister, Jerrie Shank; Bob, the older brother, David Kaye; Jimmy, the younger brother, John Caris; Paige, who likes to play postman, Paula Randolph; Ellie-May, Bob's heart throb, Dottie Cotner; Jill, her friend, Martha Rose; Freddie Shermer, who wears knickers, Charles Humphries; Mr. Sherman, his father, George Gecowets; Mrs. Shermer, his mother, Marilyn Renner.

The music during the intermission was provided by members of the junior class.

The entire production was under the direction of Charles Saunders.

The activities of the organization were limited this year because the vocational agriculture department has been discontinued. The local chapters of F.F.A. are permitted to remain three years following the closing of this department. However, no advancement in degrees can be permitted.

The patrol was honored again by receiving the safety award presented by the Chicago Motor Club for not having any accidents last year.

This was the second year that girls as well as boys have participated in the safety program. The schedule was arranged so that no one had to miss a class recitation. The patrol members were stationed at each crossing to help the school children across the street in the morning, at noon, and at dismissal time in the evening.

Several social activities are enjoyed by the patrol group during the year and they take a trip in the spring, sponsored by the Chicago Motor Club.

Burt Kepler, instructor in shop work and mechanical drawing, was the supervisor. Paul Tague, Angola Chief of Police, was the advisor.

They Learned To Drive

The Driver's Training Class had 105 members during the 1949-50 season. Two classes were held each semester. The students were sophomores, juniors and seniors. The state law required the student to be 15 years and 6 months of age before he could get behind the wheel in the course. The car this year was furnished by Ray Alwood, the Ford dealer.

The school has purchased four new machines to help test the student on his accuracy in driving. These machines are: (1) the peripheral vision (split vision) machine; (2) the reaction machine—it is like the inside of an automobile; (3) the glare-meter machine—it shows how long it takes one's eyes to recover from a bright light; and (4) the depth perception machine—it tells the student how accurately he can judge the distance cars are apart when he is passing a car.

The class uses the textbook, *Sportsmanlike Driving*, put out by the American Automobile Association of Washington, D. C. With the course come twelve mimeographed tests that the students have to pass.

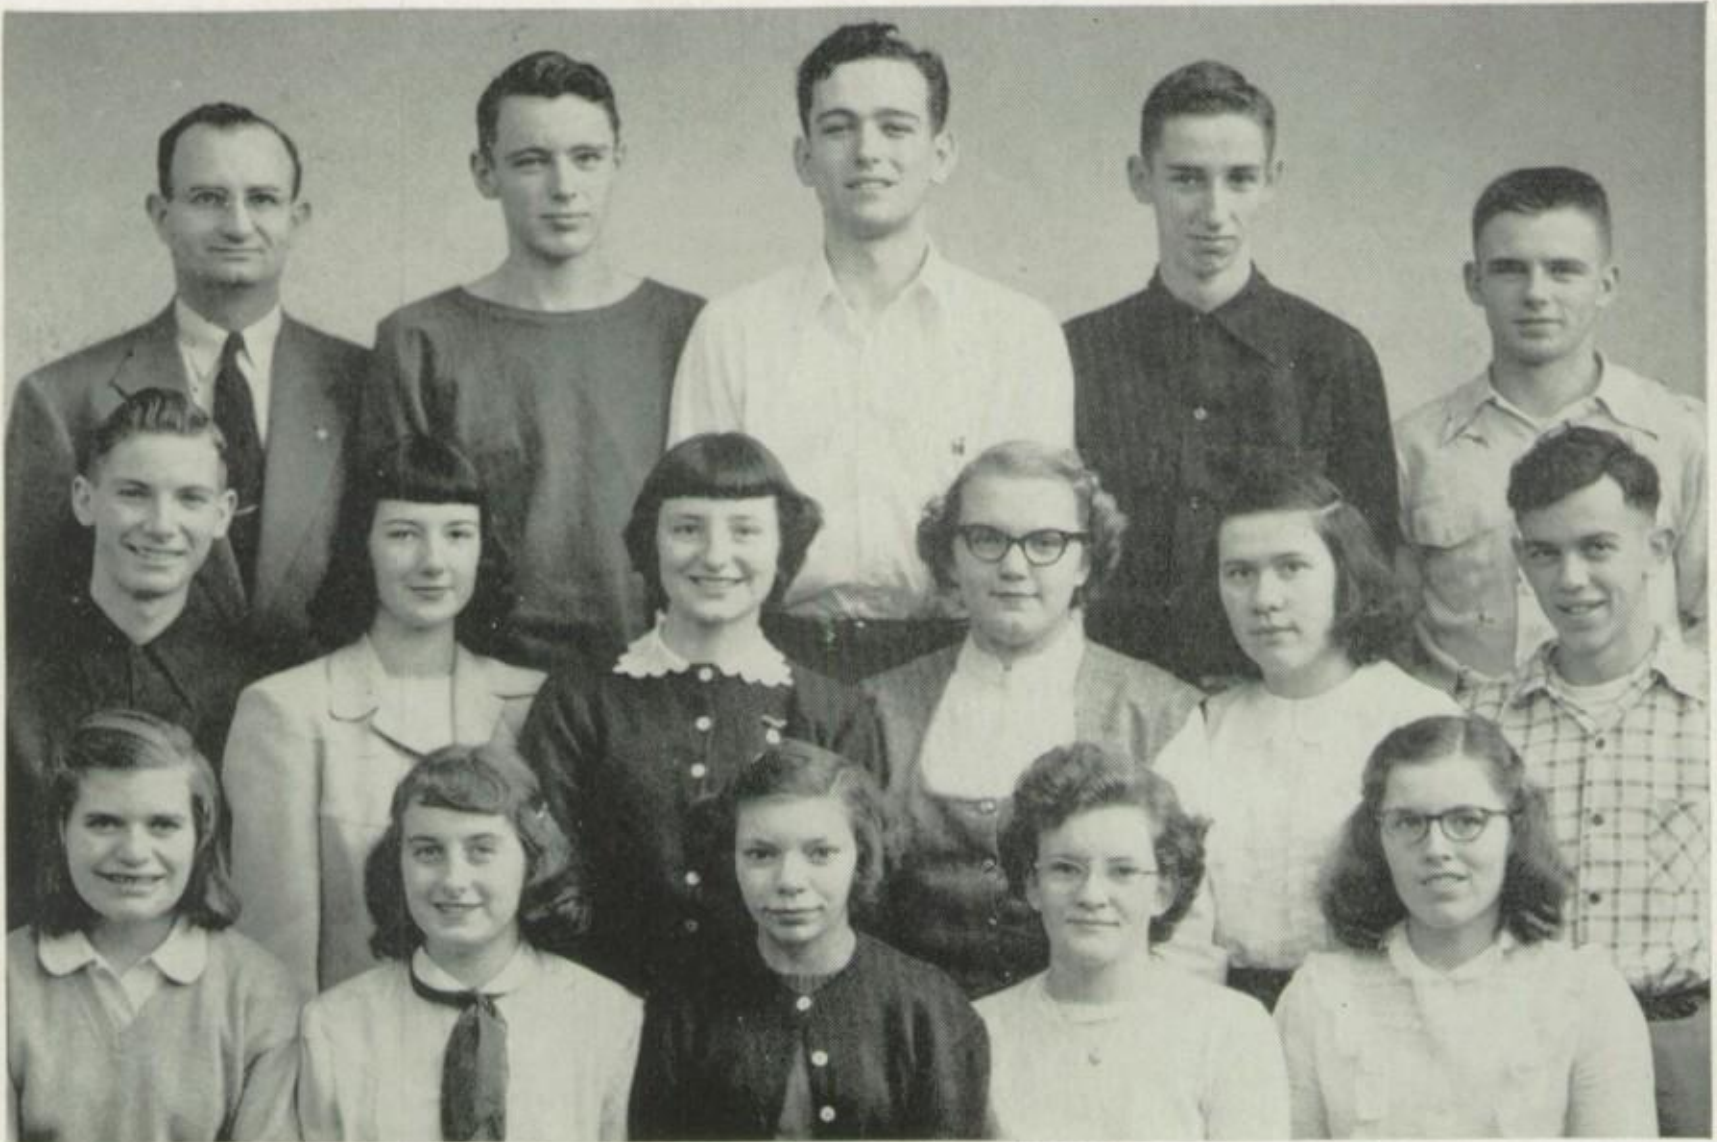

The car has two sets of pedals so the instructor can put on the brakes when necessary in order to prevent accidents.

Emery Druckamiller was the instructor.

Hornets

BILL RADCLIFFE—Senior

"Bone" was a mainstay in the Hornet attack until his shoulder injury in midseason. He did not return to action until near sectional time. He was a very good rebounder and usually managed to get quite a few through the hoop. A man like Bill is very hard to replace not only in ability but in team spirit and fight.

DENNY DRUCKAMILLER—Senior

"Druck" held down one of the regular guard spots. He ran a close second in the Hornets' scoring attack and will long be remembered for his deadly accurate long shot and his hard driving. Denny will be a tough man to replace next year.

BILL SELMAN—Sophomore

Bill was the leading scorer of the team and was also our only big man. He had an excellent "hook" shot which netted him most of his points. Bill was a regular and, since he is only a sophomore, much will be expected of him in future years.

BOB BADDERS—Senior

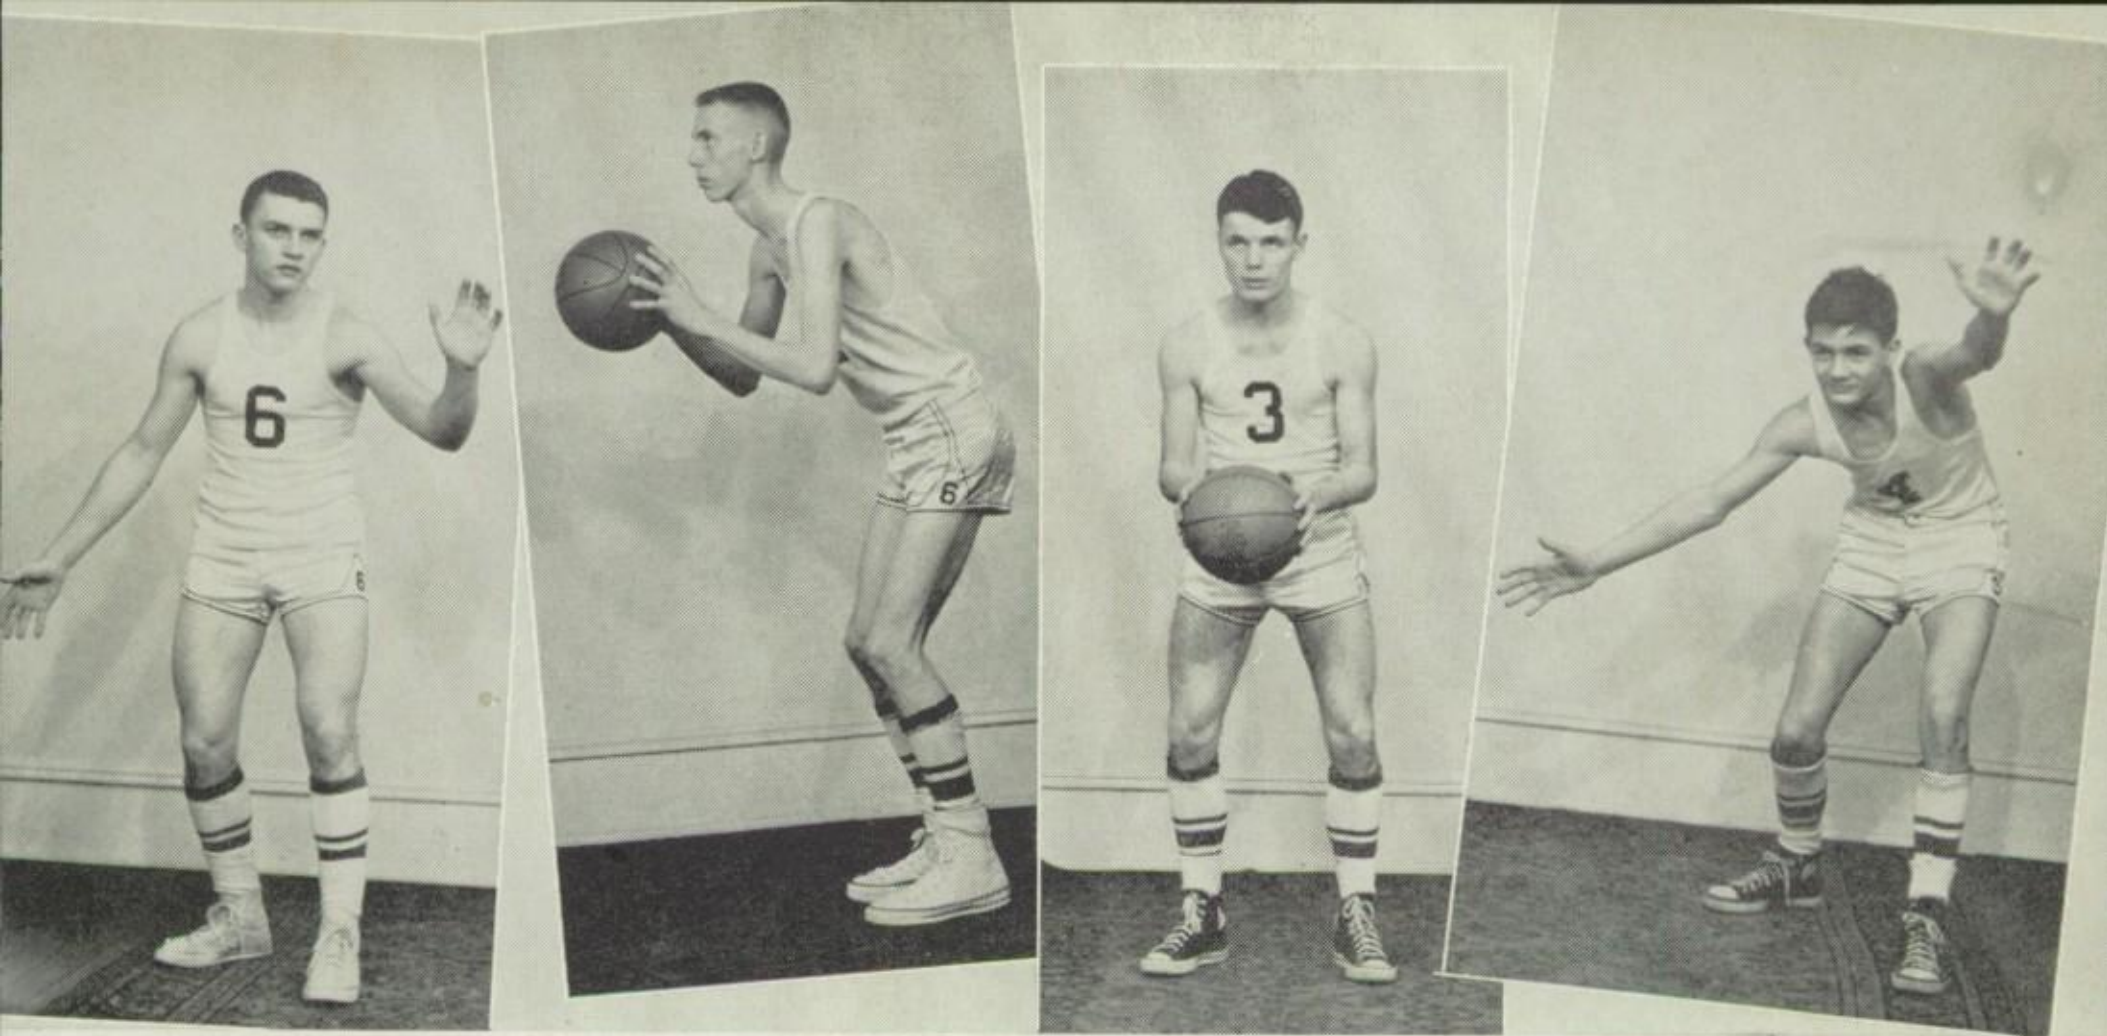

Bob, one of the tall men on the squad, gave the team that rebounding strength so much needed on all basketball teams. He possessed a good one hand shot from the side and his timely free throw shooting greatly helped the squad.

CY JOHNSON—Senior

Cy was another of Angola's regulars. He was always seen in the guard position and possessed a good two handed shot which helped him become one of the Hornets' best scorers. He was also capable of driving around his man and "laying" it in. Cy's fight and scoring will be missed by next year's team.

MAX SCHAEFFER—Junior

Max broke into the starting line-up when "Bone" broke his collar bone and Max came through very well. He had a deadly one handed shot and his size and weight came in very handy on the rebounds. Max has another year on the Hornet squad and he should be very valuable when the season rolls around next year.

KENNY NEUKAM—*Senior*

Kenny was a very capable substitute. He was put in whenever there was trouble in the "backcourt." Kenny will always be known for his twisting float shot or his one handed jump shot. Kenny's good defensive play will be missed by next year's squad.

JAMES FISHER—*Senior*

Jim was another of our good substitutes. He possessed a good "Leo Klier" shot, and was able to do a lot of rebounding for his size. Jim was the type of boy that gave everything he had while he was out there. Jim will be very hard to replace next year.

LEWIS MOUNTS—*Senior*

Lewie was the type of boy every team needs. He didn't see much action but when he was in there, he gave his all. He was always ready and eager when "Curt" would give him the word. And, no matter what the score, Lewie would try to win the game for A. H. S.

CHARLES HUMPHRIES—*Junior*

Charley came up to varsity squad about mid-season. He had played a year and a half of second team ball and was ready for the varsity. Charley did as everyone expected; he went right on as though no change had been made. He played as good or better ball on the varsity and he saved us many games. Charley should be very valuable next year.

KEN MARTIN—*Sophomore*

Ken was moved up to the varsity from the second team at about the middle of the season. He played several creditable ball games while on the varsity and will always be known for his one handed shot and for his great amount of fight. Much will be expected of Ken in future years.

BILL WARING

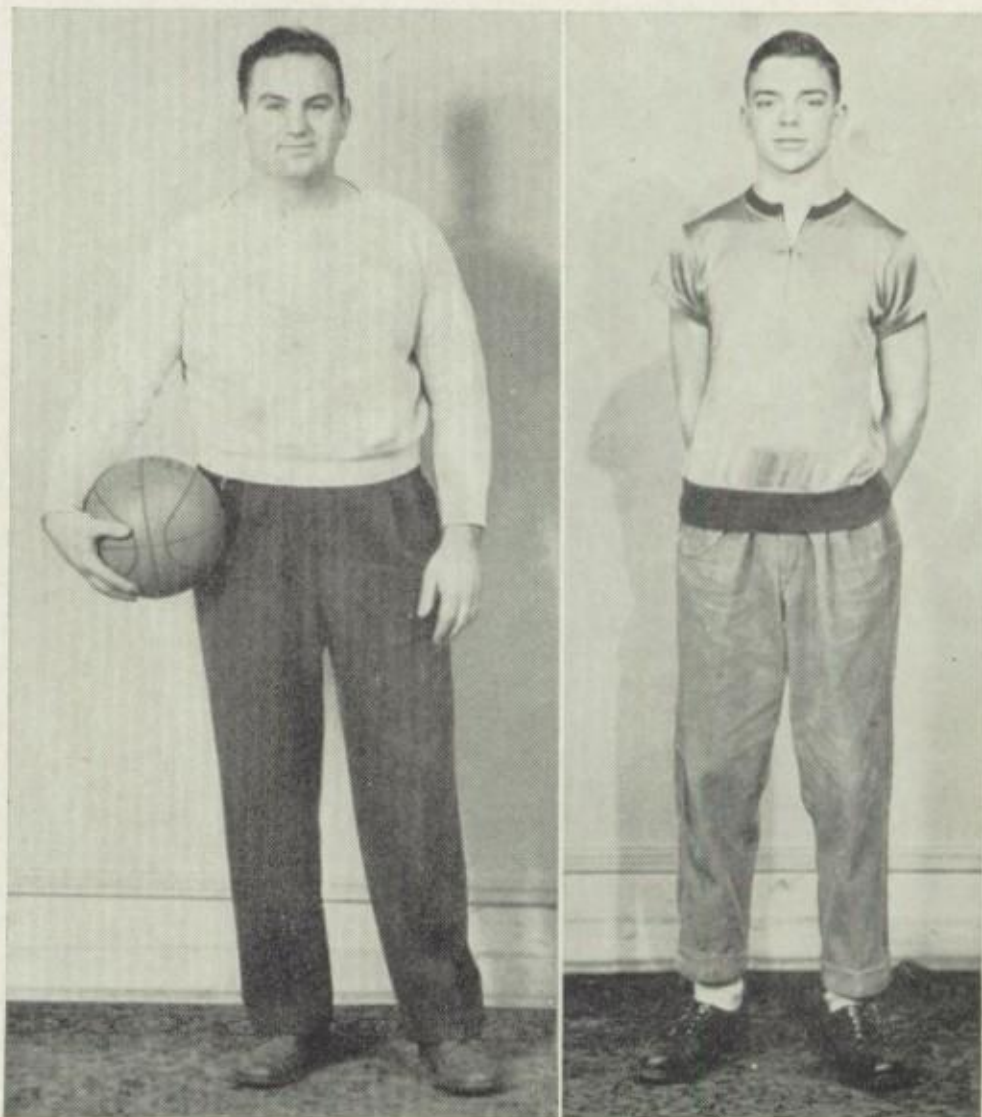

This is Bill Waring's first year as manager and although he lacked experience, he has shown willingness to learn. Since he is a sophomore, he will be a veteran later on and will be equal to all duties and responsibilities.

COACH CURT RATHBURN

This is Curt's third year at Angola, and since he arrived he has done much to uphold the athletic standards of the school. He revived track and installed a "farm system" for the boys in the lower grades in basketball. He also initiated an intra-mural program for the students who are not on the basketball teams. Curt has proved a fine athletic mentor.

RAY BODIE

Raymond Bodie finished his second year as manager of the team. Throughout both years he worked long and hard at his job of cleaning the balls before the games, packing uniforms, hanging uniforms up to dry and performing any other duties handed to him. Ray receives the wholehearted thanks of the team members for a job well done.

First Team

FIRST TEAM CHEERLEADERS

Dressed in their purple and gold uniforms, the first team cheerleaders were always out in front peppering up the crowd. "Yea, team, fight!" could be heard enthusiastically whether the team was being defeated or whether a victory was coming through. These cheerleaders, David Kaye, George Gecowets, and Don Huff should be complimented on their fine job of supporting our "Hornets."

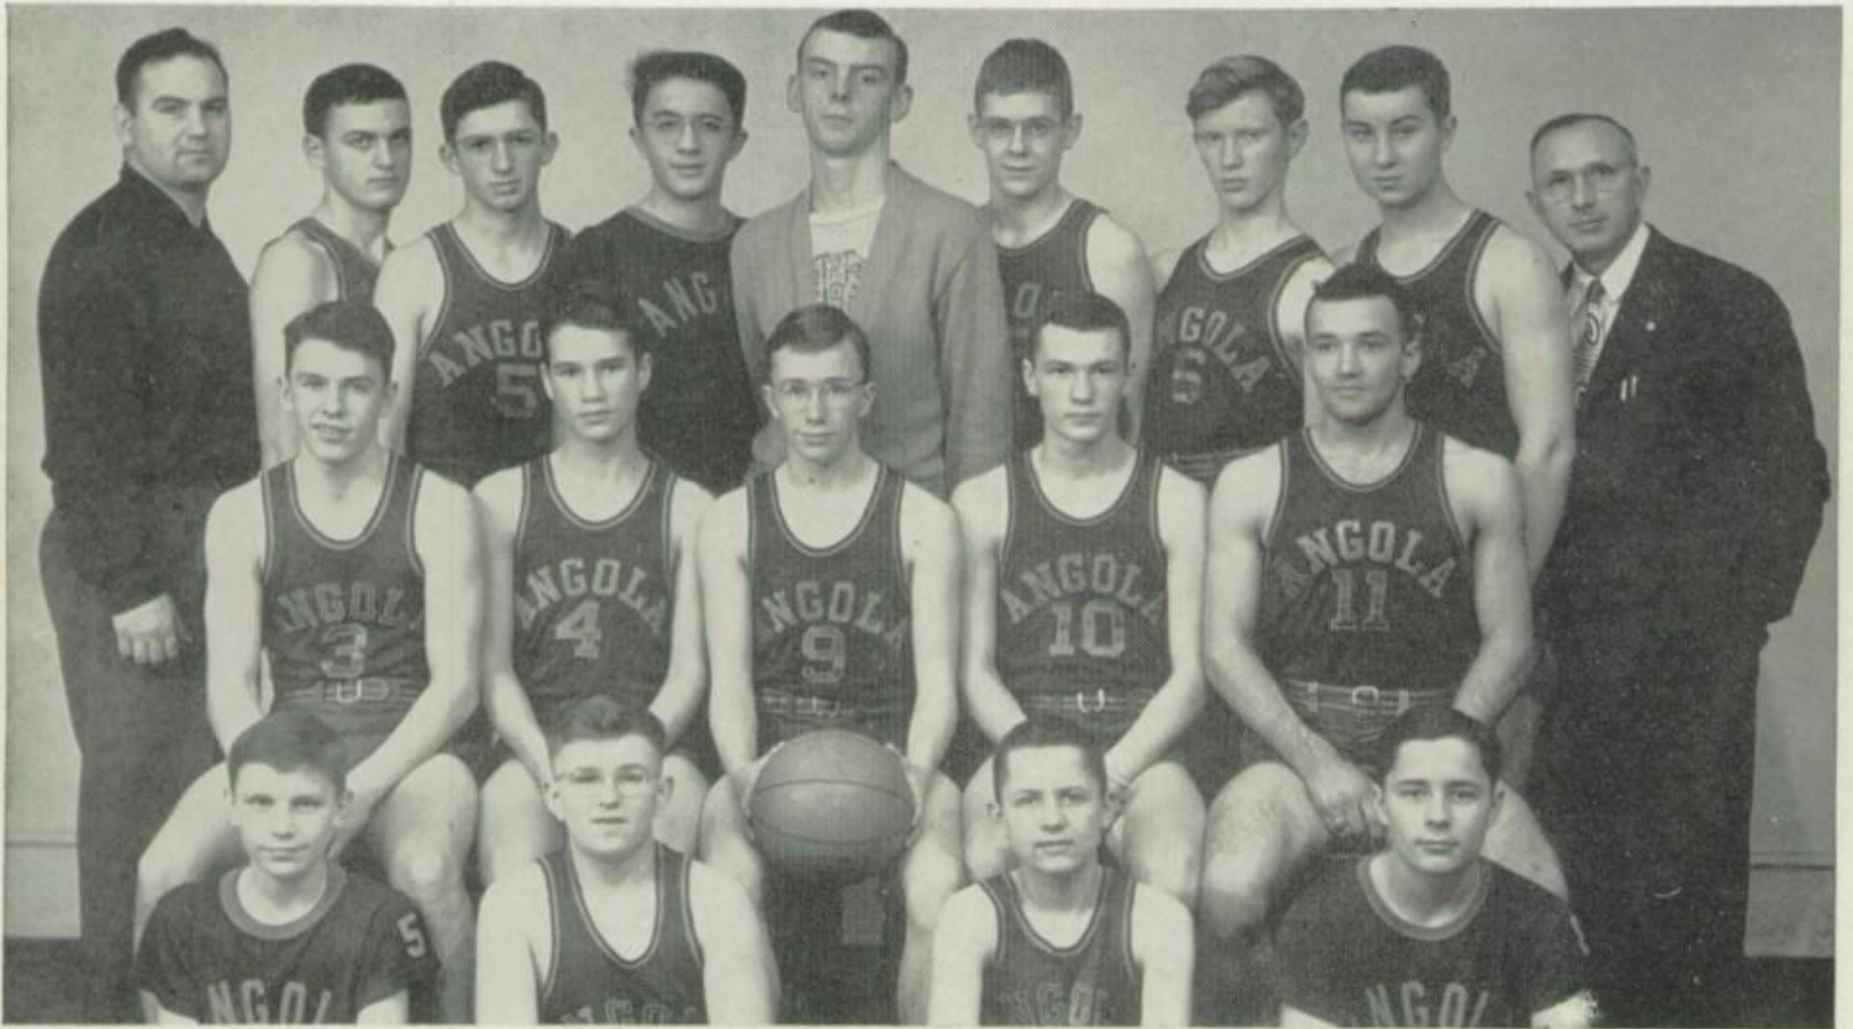

SECOND TEAM

This year, separate cheerleaders were elected for the "Bees." Those chosen were two sophomores—Shirley Sutton and Greta Sewell. These girls didn't waste a minute at the games. They showed the "Bees" that the crowd was behind them at all times.

The Hornets then picked up their first victory of the year downing Waterloo 12-11 on Sept. 20. They then defeated Rome City by a score of 7-6 for their last victory of the season.

The Hornets dropped games to Albion, Ashley, and Waterloo by scores of 9-1, 22-3, and 4-1.

This year the Hornets were in the Tri-County League which consisted of teams from Ashley, Angola, Butler, Albion, Waterloo, and Rome City. A trophy was presented to the winner, Ashley, by the House of Harter of Goshen, Indiana.
